

# JEREMIAH SIMON SARMIENTO

WEB DEVELOPER / DESIGN QA

## EXPERIENCE

### Senior Web Developer

*Digitiza*

*Mar 2024 - Present*

- Designed and developed high-quality, modern, responsive and optimized websites using WordPress, Elementor, and design tools such as Photoshop and Canva. Ensured implementation of best practices in SEO, UI, and UX.
- Performed ongoing site maintenance and enhancements including content updates, form integration, blog publishing, landing page creation, and bug resolution.
- Served as **POC**, providing technical support by setting up staging environments, deploying websites from staging to live, managing hosting services, assisting team members with technical issues, and coordinating task assignments across the team.

### Senior Associate Web Developer

*Affinity Express Inc.*

*Oct 2021 - Mar 2024*

- **Point of Contact (POC)** - Supporting the Team Lead in overall team coordination and effectively addressing task-related concerns raised by team members.
- **Design QA (Quality Controller)** - Selected in March 2023 to join the Design QA Team, serving as an internal quality controller responsible for thoroughly reviewing websites to ensure they met design standards and were free of errors prior to client delivery.

### Associate Web Developer

*Affinity Express Inc.*

*Jan 2019 - Oct 2021*

- Created responsive, custom websites using WordPress, Beaver Builder, and Photoshop, ensuring alignment with client goals and current web standards.
- Performed ongoing website maintenance, including timely content updates, issue resolution, and performance optimization to enhance site reliability and user experience.

### Web Developer (Contractual)

*Haven of Angels*

*May 2018 - Nov 2018*

- Developed an Online Management Information System as an undergraduate thesis project, focused on managing payments, collections, and reservations for chapels and vaults using HTML, CSS, Bootstrap, and PHP. Continued enhancing the system post-graduation based on client feedback.
