

JEREMIAH SIMON SARMIENTO

WEB DEVELOPER / DESIGN QA

WORK EXPERIENCE

SENIOR WEB DEVELOPER

Digitiza

Mar 2024 - Present

- Designed and developed high-quality, modern, and optimized websites using WordPress, Elementor, and design tools such as Photoshop and Canva.
- Performed ongoing site maintenance and enhancements, including content updates, form integration, blog publishing, landing page creation, and bug resolution.
- Provided technical support by setting up staging environments, deploying websites from staging to live, managing hosting services, assisting team members with technical issues, and coordinating task assignments across the team.

SENIOR ASSOCIATE WEB DEVELOPER

Affinity Express Inc.

Oct 2021 - Mar 2024

- Served as a **point of contact (POC)**, supporting the Team Lead with team coordination and addressing task-related concerns raised by team members.
- Trained in **Design QA (Quality Assurance)** – Selected in March 2023 to join the Design QA team, reviewing websites to ensure they meet design standards and are error-free prior to client delivery.

ASSOCIATE WEB DEVELOPER

Affinity Express Inc.

Jan 2019 - Oct 2021

- Created responsive, custom websites using WordPress, Beaver Builder, and Photoshop, ensuring alignment with client goals and current web standards.
- Maintained and optimized websites through regular updates, issue resolution, and performance optimization to enhance site reliability and user experience.

WEB DEVELOPER (CONTRACTUAL)

Haven of Angels

May 2018 - Nov 2018

- Developed an Online Management Information System as an undergraduate thesis project, focused on managing payments, collections, and reservations for chapels and vaults using HTML, CSS, Bootstrap, and PHP.
- Continued enhancing the system post-graduation based on client feedback and requirements.

ABOUT ME

Creative Web Designer and Developer with 7 years of experience building WordPress websites using Elementor, Beaver Builder, and various plugins. Ensures responsive, high-quality, and error-free websites that meet client requirements.
