WORK EXPERIENCE

SENIOR WEB DEVELOPER

Digitiza | Full-Time Freelance

Mar 2024 - Present

- Designed and developed modern, responsive, and SEO-optimized websites using WordPress, Elementor, and Canva.
- Managed website revisions and maintenance based on client requests, including content updates, bug troubleshooting, form integrations, and monthly blog and landing page creation
- Conducted QA testing to ensure websites were error-free, responsive, and aligned with client requirements, brand guidelines, and design standards
- Provided technical support by setting up staging environments and deploying websites from staging to live

WORDPRESS ELEMENTOR DESIGNER

TwinScroll | Project-Based Freelance

Feb 2024 - Mar 2026

- Designed reusable website layout templates to streamline development for future client projects.
- Built professional WordPress websites for automotive detailing businesses in the UK and UAE using Elementor.
- Produced website content using ChatGPT and Claude, based on information from clients' existing websites and social media platforms

SENIOR ASSOCIATE WEB DEVELOPER

Affinity Express Inc.

Oct 2021 - Mar 2024

- Served as Point of Contact (POC), supporting the Team Lead by addressing task concerns and assigning work to team members to keep deadlines and priority tasks on track
- Selected and trained as a member of the Design QA team, conducting website quality assurance testing to ensure sites met design standards and were error-free before launch.

ASSOCIATE WEB DEVELOPER

Affinity Express Inc.

Jan 2019 - Oct 2021

- Developed modern, responsive, and SEO-optimized websites using WordPress and Beaver Builder based on client requirements and design preferences.
- Performed website revisions, including content updates, performance optimization, troubleshooting, and other client-specific requests.
